

NEW BRANCH IN BAKU, AZERBAIJAN – CONSULTANCY SERVICES

December 2018, COMSIP is pleased to announce that we have created a branch in Baku, Azerbaijan to expand our activities in technical assistance / manpower services in the country.

We help our industrial customers to develop their projects by making available for them our experts in **Instrumentation, Electricity, Distributed Control System, Mechanical, Telecommunications, HVAC, Rotating machines, Piping and HSE.**

Specialist in these technical professions, we are present in all phases of projects, from **engineering** to **construction** all the way to **commissioning**, we also offer training (ex : **OPERCOM and ICAPS**).

For more information, please contact : contact@comsip.fr
